How DKCMS® Features Deliver Real Business Value

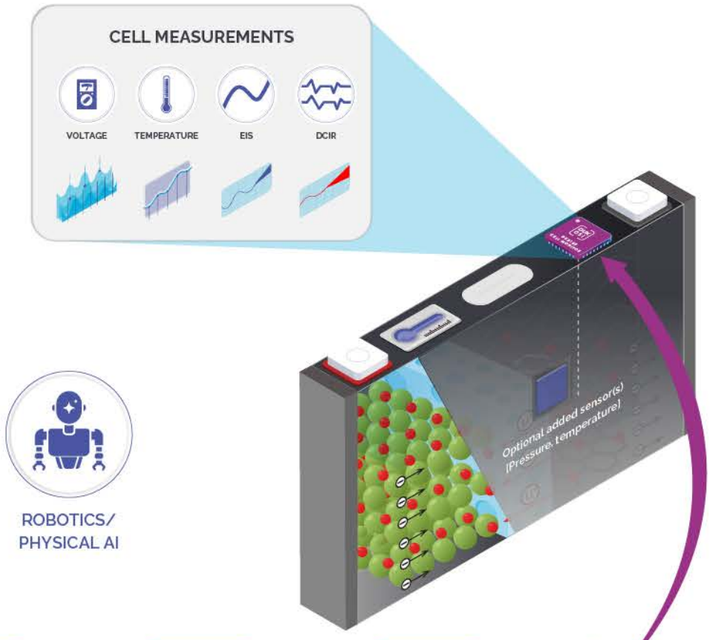

Maximize Usable Energy

- Greater Range for Vehicles
- More Available Power for BESS
- More Valuable Data Insights
- Improved Resale Value

Cell Lifetime Traceability

- Regulatory Compliance Ready
- Improve Next-life Reuse Opportunity
- Improve Supply Chain Trust
- Build a Circular Economy

Improved Battery Safety

- Safer Vehicles
- Safer Energy Storage Systems
- Reduced Risk ⟶ Reduced Costs
- Improve Brand Perception

Improved Battery Reliability

- More Reliable Vehicles
- Longer Service Life
- "99.999%" Uptime BESS
- Lower Total Cost of Ownership

Greater Design Flexibility

- More Adaptable to Market Changes
- Greater Design Freedom
- Precisely Fit Battery to Application
- One Architecture, Multiple Variations
